SOLON

Brand Name Products

Product Selection - As one of the nation's largest building material suppliers, we have the buying power to get the materials you need. From building basics to finishing, we offer a wide range of products, giving your business a key resource for any job.

Special Orders - If you find yourself in need of a product we do not stock, don't worry. We can still get it for you with a special order. We have relationships with hundreds of suppliers offering thousands of products, which we are able to order at any time. Let us know everything you need for your next job and we'll get it for you.

If your project requires specific brand name products, **know that Carter Lumber carries all of the nation's top brand name building supplies.**

- **Simpson and FastenMaster**

Using our state-of-the-art equipment, we produce pre-fabricated wall panels as well as roof and floor trusses and engineered wood products. With the expertise of our on-site design professionals and a heavily automated production process, the quality of our components is unmatched in the industry.

By building our own components, we are able to offer you a high-quality design produced specifically for your job. No matter how

complicated the design, you can be sure that the product you receive will be of the highest quality after undergoing our rigorous quality control process. Speaking of receiving your components, unlike our competition, we deliver them on our own vehicles. Therefore, we are happy to accommodate the delivery schedule that fits the needs of your project.
